

Tawd Vale 100 - Youth Survey

This survey is an opportunity to provide feedback on elements of the Tawd Vale Master Plan for our strategy to 2030.

The survey is made up of two parts: a presentation to show youth members, and this matching survey response form to complete as you step through the presentation.

This form is intended to allow leaders, or youth members in older sections, to provide feedback on behalf of their own section(s). This information will be used to help refine our plans and support our fundraising, particularly with grant makers.

Feedback can be provided either for individual sections, or combined from multiple sections of the same age range.

A PDF slideshow is available with photos and key points about each question as an aid to asking young people what they are interested in:
